

Helping Hands Relief Fund for Older Adults

The Helping Hands Relief Fund provides emergency financial assistance and support for low income men and women 60 years of age or older, to maintain their independence, health, and/or safety, including needs related to the COVID-19 Pandemic, when no other resource is available.

These are trying times and Easterseals NH is here to help.

The fund can help pay for short term services/items generally not covered by any other source such as medication, food, in-home assistance, clothing, and minor appliances.

Contact Us

If you are an agency and would like to refer someone who could benefit from a little help in this way, please email us today at helpinghands@eastersealsnh.org, call us at 603.621.3536 or complete the online application at https://bit.ly/ESNH_Helping_Hands_PreApproval.
