GENERAL DISCUSSION

The Committee has received 2 contracts from Sansoucy. The contracts were discussed and questions were generated and the Committee will ask Sansoucy for answers to the questions. The questions are simply general in nature and did not affect any proposed work being done. There were general questions and the Committee approved the contracts. Also discussed was a letter and updates that were giving to the Selectmen prior to the Town meeting. Fred will be editing the letter and giving it the EDC and CNHRP to update them to see if there can be some assistance in moving forward. Also discussed was the warrant article that was passed to continue the research to determine if the town should purchase or not purchase the Aqueduct. At the April meeting the Committee will make its recommendations and will present that recommendation in a letter to the Selectmen. Based on the recommendation the Committee will proceed if the recommendation is to try and purchase the Aqueduct. Sansoucy's office will also be contacted once the decision is made.

Meeting adjourned at 8:10pm.

Next Meeting April 20, 2015 – 7:00pm

Respectfully Submitted
The Aqueduct Committee
Albert Douglas, Secretary (Selectmen Alternate)
