GENERAL DISCUSSION

The Committee started the meeting by having a phone conference with the consultant Mr. Sansoucy. Items that were discussed were the logistics of a Special Town meeting, authorization of the purchase, negotiations with Nashua and the vote to approve purchase and price of the aqueduct. Mr. Sansoucy also talked about the order of warrant article(s), the first being the authorization to purchase, then the approval of the price. The committee discussed the email that Pennichuck sent to the Town regarding purchasing certain properties. The committee felt no need to address because it does not affect the purchase of the aqueduct. Also Mr. Sansoucy will be putting together the information regarding the creating of a village district. This will be explained at one of the public meeting. Mr. Sansoucy is also including the sewer district. He has requested to see the sewer budget. He will also be calling the Mayor of Nashua to start laying out the ground work. The committee has decided to have a workshop where the project will be layout to the Select Board and the Town Administrator. This workshop will be open to the public. The date of the workshop will be November 7th at the gym at the elementary school. The information regarding the workshop will be posted, on the web site and the Sun Cook paper.

Meeting adjourned at 8:15pm. The next meeting of the Pittsfield Aqueduct Committee will be October 19th, 7:00pm.

Respectfully Submitted
The Aqueduct Purchase Committee
Albert Douglas, Secretary (Selectmen Alternate)
