The Helping Hands Relief Fund provides emergency financial assistance and support for low income men and women 60 years of age or older, to maintain their independence, health, and/or safety, including needs related to the COVID-19 Pandemic, when no other resource is available.

These are trying times and Easterseals NH is here to help. The fund can help pay for short term services/items generally not covered by any other source such as medication, food, in-home assistance, clothing, and minor appliances.

Contact Us
If you are an agency and would like to refer someone who could benefit from a little help in this way, please email us today at helpinghands@eastersealsnh.org, call us at 603.621.3536 or complete the online application at https://bit.ly/ESNH_Helping_Hands_PreApproval.
